## “Wee” Woodchucks!

“Wee Woodchucks” is a program designed for children ages 3-5 and their parents who will be attending Woodstock in the future. We are dedicated to bringing preschoolers into a night of fun learning with their parents. At each event, the “Wee Woodchucks” are provided with learning opportunities through stories, songs, crafts, and exploration along with information and take home activities for the parents. The events are offered twice a year and are an excellent opportunity for parents to get a head start on the academic expectations for their preschooler. We have music, art, movement, snack and best of all... EACH child leaves with a book! Our goal is to better prepare our future Woodchucks and give parents practical tips for raising a successful student.
